HISTORY OF ENSEL NETWORK

- In 2019 within the framework of the project "REFLECT" for Social Emotional Learning in Schools, an ERASMUS + program, several organizations and authorities with the participation of the University of Granada-Spain and Evora Portugal, from all over Europe started to discuss the creation of a EUROPEAN NETWORK FOR SOCIAL EMOTIONAL LEARNING.
- The partners of the <u>COMPUSEL</u> project, "Computational Thinking in Enhancing Primary Students' Social-Emotional Learning Skills", with the participation of **5 Universities** (Coordination –Çanakkale University–Turkey), and the Social Cooperative of Cyclades, have been also informed about this process and they are interested in participating in ENSEL activities.
- Especially after the presentation of the REFLECT project, at a conference of ENSA in 2021, a proposal was from ALTERA VITA, to start a dialogue for the establishment of the EUROPEAN NETWORK of SOCIAL EMOTIONAL LEARNING-ENSEL NETWORK and to present it at the next ENSA Assembly in Venice, November 2022.
